# Courageous CONVERSATIONS

From the public space to lunch room conversations, finding your voice as a follower of Jesus is not always easy. Over dinner hear Former Deputy Prime Minister, John Anderson share how he established a creative and distinctive Christian voice in our wider culture. You don't want to miss John's tips on how to speak Christian truth, even if your voice shakes.

Also hear from a group of Adelaide workers recently returned from Oxford, who along with John, have been learning to find their voice about life's bigger questions.

Guest Speaker: John Anderson
